Sport (Climbing, Fitness, Dance)
Video games (competitive, indie)
Travels & Lifestyle

WORK EXPERIENCES

Product Designer 2024 - 2026
Mobilize Financial Services

Led end-to-end design on financial product features, from discovery (user interviews, usability testing, data analysis) to delivery (design handoff, QA, Design Ops). Contributed to A/B testing initiatives and collaborated closely with cross-functional squads to align UX decisions with business KPIs. Maintained and evolved the design system to ensure consistency at scale.

UI/UX Designer 2022 - 2024
Renault Digital

Structured and scaled the design workflow within a large automotive digital team. Conducted guerrilla testing, audits, and benchmarking to identify UX opportunities. Led prototyping and handoff processes while contributing to the design system and Design Ops practices.

Product Designer 2020 - 2022
Thales Ercom

Established and evolved the Design System for a secure communications platform. Conducted user testing sessions and prototyped solutions to validate UX decisions. Facilitated co-creation workshops and contributed to continuous product through iterative design cycles.

Digital Manager / Web Designer 2017 - 2020
Prunay Group

Led visual identity redesign and website development across a multi-brand group.
