Languages

French (Native) - English (Fluent)

EDUCATION

User Experience Master's degree
École Supérieure du Digital

Master Pro in Innovative Projects
Polytech'Nice - Nice Sophia Antipolis

WORK EXPERIENCES

Senior Product Designer 2024 - 2026
Mobilize Financial Services

Designed and delivered financing journeys for automotive e-commerce platforms, collaborating closely with product managers and engineers across cross-functional teams. Led product discovery activities including user interviews, usability testing, competitive benchmarking, and data analysis, while contributing to experimentation initiatives such as A/B testing to improve UX across financial products.

Conducted accessibility audits aligned with WCAG guidelines and integrated AI-assisted workflows to accelerate research synthesis, ideation, and prototyping. Contributed to maintaining and evolving the design system to ensure consistency and scalability across digital services, while mentoring junior UX designers through design reviews and guidance on product design best practices.

UI/UX Designer 2022 - 2024
Renault Digital

Improved UX workflows within a large automotive digital team working on connected mobility products. Conducted UX audits, guerrilla testing, and competitive benchmarking to identify usability issues and product opportunities.

Delivered prototypes and detailed design specifications while collaborating closely with engineering teams during product development, and contributed to the evolution and governance of the design system used across multiple digital services.

Product Designer 2020 - 2022
Thales Ercom

Designed user interfaces for secure communication platforms used in defense environments. Built and evolved the design system supporting product scalability and interface consistency across the platform.

Conducted usability testing sessions to validate product decisions and improve operational workflows, while facilitating co-creation workshops with product managers and engineering teams to align product requirements with user needs.

Digital Manager / Web Designer 2017 - 2020
Prunay Group

Led visual identity redesign and website development across a multi-brand group.
